

HEAL Initiative Fellow Role Description

Position Title: OBGYN HEAL Fellow

Organization: [Chinle Comprehensive Health Care Facility \(CCHCF\)](#)

The Chinle Comprehensive Health Care Facility (CCHCF) is based in Chinle, Arizona (Northeast Arizona near Canyon De Chelly National Monument). The CCHCF is a 60 bed hospital which serves as the health care hub for the region. The medical staff includes Family Physicians, Internists, Pediatricians, General Surgeons, OB/GYN's, Anesthesiologists, and a Psychiatrist. In addition to routine outpatient and inpatient primary care, services available to our patients include: Adult Intensive Care, General Surgery (including laparoscopic surgery), routine and operative Obstetrics, and 24-Hour Emergency Room Services. Health care services are provided to approximately 37,000 active users. Strong Navajo cultural traditions exist within the community, offering an opportunity to learn the Navajo language, or to learn about traditional Navajo medicine

Department: Obstetrics and Gynecology

The OBGYN department consists of 4 full time OBGYNs and 7 fulltime midwives, who staff Labor & Delivery through a 24/7 clinic and hospital in same building.

Position Description: Fellows will spend 80% of their time providing Outpatient Care and 20% on Inpatient Care. Fellows can expect to cover as OB consultant when on call, and have approximately 4 hours of administrative time per week. Outside of clinical time, HEAL Fellows are expected to take key roles on patient improvement projects - ie postpartum wellness group for mothers who had GDM or preexisting DM to address lifetime risk of DM, implementing AIM bundles, prenatal classes, walk in PAP-only visit to improve screening, walk-in mammogram availability, case presentations, reviews at monthly meetings etc. There is a robust SANE/SART program and if fellows were interested they could become a trained examiner.

Job Requirements: By 1 July 2020 applicants must have completed residency training at a US-based residency program. Fellows must have the ability to practice as a solid full-scope OB/GYN and work in collaborative practice with midwives. Applicants must have cultural sensitivity, demonstrate flexibility, and have a clear passion for serving the underserved.

HEAL Initiative

The HEAL Initiative aims to train and support health providers to thrive in hard places by fostering a community of front line health professionals dedicated to serving the underserved. HEAL is an immersive two-year fellowship dedicated to health equity and catalyzing life experience serving the underserved.
