

HEAL Initiative Fellow Role Description

Position Title: Pediatrics HEAL Fellow

Organization: [Tsehootsooi Medical Center](#)

Tsehootsooi Medical Center is a 245,000 square foot state of the art rural hospital that opened in August 2002. The hospital is located in the beautiful high-desert climate of Northeastern Arizona, about 8 miles north of Window Rock, Arizona (the capitol of the Navajo Nation). Tsehootsooi Medical Center boasts a 24/7 Community Hospital Emergency Department, and is licensed for 56 inpatient beds including: an Intensive Care Unit; a Medical-Surgical Unit; a Pediatric Ward; an OB/GYN Ward; and an inpatient Adolescent Psychiatric Care Unit.

Department: Pediatric

The Pediatric Department consists of 7 full time pediatricians and 8 full-time nursing staff, in addition to support staff.

Position Description: The position is 20% Inpatient Care and 80% Outpatient Care. HEAL Fellows will see patients both by appointment and walk-in with an average daily patient load of 15. There are also expected on-call duties an average of 5 nights a month. In addition to direct clinical care, fellows can also participate in a high-risk patient meeting and other projects they identify that align with departmental objectives.

Job Requirements: By 1 July 2020 applicants must have completed residency training at a US-based residency program. Applicants must be able to provide highly competent clinical care, be adaptable, and have a clear passion for serving the underserved. Also important is the ability to function with limited resources.

HEAL Initiative

The HEAL Initiative aims to train and support health providers to thrive in hard places by fostering a community of front line health professionals dedicated to serving the underserved. HEAL is an immersive two-year fellowship dedicated to health equity and catalyzing life experience serving the underserved.
